Region 10 Weekly Report

Upcoming Hot Issues and Important Deadlines:

Bristol Bay: This week Region 10, the Offices of Water, Research and Development, and General Counsel briefed David Schnare and Justin Schwab on the history, timeline, and current status of EPA's activities in the Bristol Bay watershed. Because the stay of the pending litigation and open Freedom of Information Act requests expires on March 20, 2017, David Schnare requested a briefing for the Administrator be set for the week of March 6th to provide background on the issues and to present options for moving forward.
